NO THIRD TERM.

If Senator Sargent is to be believed the President is more than anxious to retire to private life at the expiration of the present term. At the banquet given to Gen. Crook in San Francisco on Monday evening, Mr. Sargent was called upon to respond to the toast "The President of the United States." In the course of his remarks he gave utterance to the following: "For years past I had opportunity to observe and know him, and I have learned to love and admire him. I know from his own lips that he looks with anxiety for the speedy end of his service. In a recent conversation he said to me, 'I had no rest during the war; I had none under the succeeding Administration—only anxiety and responsibility; I have had no rest during the past six years; I have two years more of this labor to endure, and shall be glad when the end comes.' If President Grant has no notion of again becoming a candidate for the highest office in the gift of a free people, we are glad of it. And by not attempting to overthrow a precedent, as generally accepted as the common law itself, he will add still another laurel to his already well-decked brow.

TO SIT DURING THE RECESS.

The special session of the Senate authorized the following committees to sit during the recess: The special committee, consisting of Messrs. Boutwell, Conkling, Allison, Merriam, and Eaton, appointed to examine the several branches of the civil service with a view to the reorganization of the several departments, with power to employ a stenographer, to administer oaths, and to send for persons and papers; the committee to audit and control the contingent expenses of the Senate, which is composed of Messrs. Jones, (Nev.), Daves and Dennis; the Joint Committee on Printing, Mr. Anthony, chairman; and the Committee on Public Buildings and Grounds, Mr. Morrill, of Vermont, chairman.

Local Brevities.

"Spellzootie" is what they call it. If we had the making of the weather we couldn't do a better job than is being done now. Read the editorials written by our business men. They are commonly called advertisements. There is money in a careful perusal of them. The Eastern States are troubled with strikes of workingmen. We should like to be troubled with a strike of—bonanza.

The Truckee river has been muddy lately, and the snow, which is fast disappearing, will soon all be gone. In the meantime the trout are being thinned out.

Union prayer meeting to night at the Methodist Church, commencing at 7 1/2 o'clock, to which all are invited.

And now Truckee has a red-headed Chinaman. Next.

False pride often goes before false hair.

Lovers do the cooing before marriage, and merchants the billing after it.

The time is near at hand, unhappy man, when your wife will want to take up the carpets and dust them. Some of these fine mornings you will see her flying around the room with a handkerchief on her head, a hammer in her hand and fire in her eye. The only thing for you to do then is to "dust" for town.

THE SPELLING.—At the spelling last night the word "facade" sent a number to their seats, but the last half dozen stood up for a long time. However the word "octogenarian" proved too many for all but Mr. Baum who spelled it, and received the prize—a volume of poems. He then presented it to Miss Rosa Wilcox, who was the last lady standing, she having missed the last word. The "O. S." meets again in two weeks.

The following are the proceedings for April 14th, 1875:

Banta vs. Savage. Jury returned a verdict in favor of plaintiff for \$600.

C. W. Jones, Administrator, vs. R. S. Gammons. Continued till Saturday.

Coleman vs. Clowes. Judgment ordered for plaintiff.

Rhodes vs. Williams. Judgment of referee ordered to be entered.

Fludder vs. Flunkler. Decree of divorce entered.

Gilbert vs. Clark. On trial. The testimony is all in and the case is being argued to the jury.

A DETERMINED EMIGRANT.—The railroad boys informs the *Silver State* that a sore-footed, but determined pilgrim is slowly, but steadily wending his way to the Golden State along the railroad. His outfit consists of a wheelbarrow loaded with blankets, clothing and provisions, which he propels from ten to twenty-five miles a day, the distance being governed more or less by the condition of the roads and the weather. He looks with contempt on the cars as they pass him, and considers his way of traveling less dangerous than running on trains. He has wheeled his buggy along the railroad from Omaha west and arrived at Winnemucca on Wednesday, and if his wind is good and lightning or some other untoward disaster doesn't strike him he will through Reno next Monday. The Brass Band ought to go before him as he passes through and play, "The Conquering Hero Comes."

MORE GRASSHOPPER SUFFERERS.—The emigrant train yesterday evening brought in thirteen car loads of the grasshopper sufferers, and still they report more on the way. We should like to know if every body is "going West." The overland trains have been doing a tremendous business lately with this travel. The immigration societies of California are responsible for this rush. They have extolled the fine climate, rich soil, good wages and healthful country until the emigrants have concluded that no place but California will do for them. We admit that California is a fine State, in fact the best in the Union—but the State is not ready to accommodate such a rush of people. Time will bring about improvements in California that will enable it to accommodate millions, where it now has but hundreds of thousands—but that time is not yet.

OUT OF LUCK.—The Virginia City *Chronicle* says: "One of our lady residents went to Reno to meet her mother and daughter coming from the east. Their train was delayed and she went east as far as Wadsworth. There they passed her and came on to Reno. She came back to Reno to find that they had come up to this city. She intended to come up to Reno during the afternoon, but missed the train and did not get here until this morning. A series of mishaps ending with a happy meeting."

DELAYED.—The western bound passenger train that should have arrived here at 2 o'clock Wednesday morning, did not put in an appearance until 9 o'clock—7 hours late. The detention was caused by the C. P. train running off the track a little this side of Ogden, and it took them several hours to get in running order again. The train stopped here long enough to let the passengers breakfast, after which it sped away toward the setting sun.

LIVELY.—Last night there were two street-lawkers on the street running in opposition to each other and they made things lively for the time being. A few boys and an Indian make a very interesting audience—but there's no money in it.

SCREYOR.—Read the business card of D. H. Basken and then if you want any surveying done call at his office at the District Recorder's, and he will give you satisfaction.

MACHINERY.—Not a day passes but what we notice one or more carloads with machine for Virginia city and Gold Hill. It is all large and heavy and of immense strength. "Them benauza fellers" are putting the ore through and sending out the filthy lucre in a way that is enjoyable to everybody, but particularly to the stockholders.

REPRESENTATIVES.—Truckee Lodge, No. 11, I. O. O. F., has elected the following representatives to the Grand Lodge, I. O. O. F., which meets in Winnemucca the 8th of June: S. C. Fogus, C. W. Jones, J. V. Peers, J. K. Everett, J. C. Smith, G. W. Cunningham and J. Graff.

QUARTERLY MEETING.—Next Sunday Rev. Mr. Fitch, of Virginia city, will hold the third quarterly meeting in the Methodist church in this place, Love Feast in the morning at 10 o'clock; preaching at 11, and in the evening.

DROPPED DEAD.—Sam Markwell dropped dead on the street last evening. Sam was a noted character, and had often come under the ban of the "G.O.I." Coroner Jones was notified.

DR. A. B. SPINNEY.  
WELL KNOWN throughout the country as a Pathologist and Physiologist, whose successful treatment of certain physical disabilities and functional derangements, deservedly entitled him to the familiar recognition of the GREAT SPECIALIST, would respectfully inform the citizens of Virginia City, Nevada, and vicinity that he can be consulted at No. 188 South C street, Virginia, seven doors north of the French Drug Store, at his office, thus giving invalids an opportunity of ridding themselves, through his professional agency, of such constitutional annoyances and ailments as he claims to compass and to cure. Without entering into biographical details, it is sufficient to simply promulgate the fact that DR. SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the Montreal (Canada East) Medical Institute. The regime of the English Pharmaceutical College is gauged by an elevated standard. An extended experience and an assiduous study of the varied phases of disease enables him to guarantee assurance of success in the eradication of the multitudinous chronic affections incident to both sexes, such as Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments, Chronic and General Afflictions.

TO THE LADIES.  
DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no hesitancy in assuring the ladies, in conjunction with a competent knowledge of their various sufferings, such as Nervousness, Neuralgia, Spinal Weakness, Loss of Appetite, Lassitude, Prolapsus Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Leucorrhoea, Dyspepsia, Indigestion, Constipation, and the many petty, irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief.

YOUNG MEN.  
Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its evil effects, remember that if you obstinately persist in procrastination, the time must come when the most skillful physicians can render you no assistance when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

COME AND BE HEALED.  
It matters not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will say so, for he will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN.  
There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits a rosy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin and milky hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.  
N. B.—Only an interview required in a majority of cases; balance of treatment can be conducted at home without interruption of business. No cases treated without a personal interview and proper examination. Office hours—10 to 1, 2 to 4, and 7 to 8. Consultation Free. Examination and advice \$5.

THE THOROUGHbred TROTting  
STALLION

RIFLEMAN!

Will stand the present season at Longley's Ranch six miles south of Reno, Nevada, season commencing April 1st and ending July 1st, 1875. Terms of service thirty dollars, payable in United States gold coin, before the close of the season.

Description:  
Rifleman is a beautiful bay, 15 1/4 hands high, and is the handsomest horse and the best bred trotter in the State. He has as much Messenger blood in his veins as Smuggler, the champion stallion of America, that won the Stallion Race, at Boston, in 1856. Rifleman's colts are all very stylish and large and show fine trotting action. I will show his colts Morgan Chase at the next State Fair against any colts of his age west of the Rocky Mountains. I will also give a premium of \$50 to the best sucking colt from Rifleman that is shown at the State Fair next Fall.

Pedigree:  
Rifleman was sired by the Thoroughbred Stallion Rifleman and he by Mrs. Glencoe, dam by Randolph, out of Butterfly by Sumpter. His dam was the Thoroughbred mare Lady Davis by Red Bill by Modoc and he by American Eclipse out of Miller's Danesby by Imp. Messenger. I have good pasturage at \$4 per month for the accommodation of mares from a distance. I take good care of mares, but will not be responsible for accidents or escapes should any occur. No mares delivered until all claims are paid.
